

## Consultant – Asset and Infrastructure Planning & Management

### About Us

Morrison Low is an employee-owned company, where our people directly benefit from the value that we create. We work in the local and state government sectors in Sydney, Wellington, and Auckland consulting and delivering wide-ranging projects which make a difference for our clients.

At Morrison Low, we're not just consultants; we're partners and advisors who are dedicated to maximising the value and sustainability of councils' infrastructure assets. Our team plays a pivotal role in enhancing the resilience and longevity of vital infrastructure systems, from transport, water and waste to public facilities and property.

### The Opportunity

Are you an Infrastructure and Asset Manager looking for your next challenge? Are you ready to embark on the dynamic and rewarding career as a Management Consultant with Morrison Low?

We are looking for an experienced and qualified professional with local government experience to join us and become a crucial part of shaping Australia's critical infrastructure networks.

As a Morrison Low consultant, you'll have the opportunity to collaborate with industry leaders and experts, working on complex projects that are essential to the well-being of our communities. You'll be part of a passionate and diverse team that values innovation, excellence, and continuous learning.

We offer training in the skills to be successful. We work in teams. We like teams. Teams share, grow, collaborate, and achieve. Plus, high performing teams have more fun while delivering awesome results for clients.

If you understand the unique challenges that councils face, you'll relish the benefits of a diverse and inclusive work culture that respects your unique circumstances.

We prioritise your well-being and job satisfaction, and we support the flexibility to work from both the office and from home. Be part of a team that champions work-life balance, flexibility, and innovation.

### About you

You will have at least 5 to 15 years postgraduate work experience working within the Asset Management field.

But most importantly you will be someone who thrives on variety and applying your great analytical skills to wide ranging projects, coming up with strategic analysis and workable solutions.

Join us in building a more sustainable and resilient future through Infrastructure and Asset Management consulting at Morrison Low, where your career will have a lasting impact.

If this sounds like you, please apply via LinkedIn/Seek or to Carlyn at [people@morrisonlow.com](mailto:people@morrisonlow.com) sending your CV and cover letter outlining your fit for this position.

Please note all applicants must have the legal right to work in Australia.

No agencies please.
