

## **Senior Consultant - Procurement**

### **About Us / Ko wai mātou**

Morrison Low is an employee-owned company, where our people and our clients directly benefit from the value that we create. With offices in New Zealand and Australia, we work with local and central government sectors consulting and delivering wide-ranging projects which make a real difference.

We are not just consultants; we are partners and advisors. Our team are passionate about the work they do, and value innovation. Our culture of teamwork encourages collaboration, growth, continuous learning, and achievement.

### **About the Role / Te whiwhinga mahi**

The focus of this role is water services for NZ local government working on a wide range of water projects involving infrastructure strategy and policy, operation reviews, contract management support, feasibility studies and procurement.

You will work closely with other consultants and leaders across the business. Our projects are usually team-based, both short and long term, and may involve working in-house with our clients, and from our offices, we also support work from home days.

### **About you / Ko wai koe**

You have experience working with NZ local government directly or a consultancy with operational exposure in water service, infrastructure or engineering areas.

You will demonstrate initiative and the ability to manage multiple deadlines, with a strong history of delivery you will have a proven ability to think critically, and strategically, solving problems in real time, developing solutions that create efficiency, deliver insights, and add value to client's business initiatives.

You understand the challenges of local government, including understanding multi-faceted and conflicting goals and you are familiar with what it takes to ensure that projects are delivered on time, within budget, to the highest quality standards.

You will have a history of building strong working relationships, engaging with stakeholders and the ability to network.

### **To be successful in the role you will:**

- Be degree qualified in Civil Engineering with around 5-10 years' experience.
- Write and deliver accurate, engaging reports and presentations tailored to your audience.

- Manage all project aspects, from planning, creation of content, time, and resources to delivery.
- Have had exposure to local government procurement processes.

We offer a competitive remuneration package, wellbeing initiatives, professional development, and ongoing career opportunities.

If the above resonates, we want to hear from you! Please apply and send your CV and cover letter to [people@morrisonlow.com](mailto:people@morrisonlow.com).

*Please note all applicants must have the legal right to work in New Zealand.*

*We are an equal opportunity employer, committed to creating a diverse and inclusive culture that respects your unique circumstances.*

*No agencies please.*
